Cell: (918) 804-7004
e-mail: klant@gravesconsulting.us

PERSONAL: Nationality: United States Citizen
Family Status: Married, no children
Health: Excellent

EDUCATION: M.S. Geology, 8/77, Ohio University, Athens, OH.
B.S. Geology, 12/74, C.S.U.N., Northridge, CA.

OVERVIEW: I have continuously worked in the oil and gas exploration & production business for over 39 years. I have conducted prospect generation, evaluation, development, and asset appraisal in almost every geological province in the USA and in numerous locales all over the world. I have been involved in numerous projects that have led to the economic discovery of hydrocarbons (both as an individual and as part of a team). I interpret both 2D and 3D seismic data and have been intimately involved in seismic planning -acquisition-processing. I have managed operations and exploration personnel and support staff along with training and mentoring junior professional staff in both domestic and foreign locales. I have been responsible for preparing, executing and managing budgets along with meeting fiscal objectives. I have generated and presented technical and financial material for presentation to stockholders, partners, and senior management.

EXPERIENCE:

10/94 - present: **Owner - Director, Pelangi Resources Inc.**, Tulsa, Oklahoma

Worldwide Oil and Gas Exploration, Exploitation, and Appraisal

- Prospect Generation and Evaluation
- Reserve/Asset Appraisal
- Geophysical Interpretation (both workstation and paper/pencil).
- Regional Studies
- Electric Log Petrophysical Evaluation, own licensed petrophysical evaluation software.
- Own SMT Kingdom, Petra and PetraSeis geological-geophysical software licenses.
- Own Neuralog Scanner hardware and software, Own large scale HP plotter [HP 1050C]

5/11 – 12/12: **Technical Manager, AleAnna Resources LLC**, HQ - Dallas, Texas [via Pelangi Resources Inc.]

Geological and geophysical evaluation, management, coordination and planning on all of AleAnna Resources LLC nine (9) concessions in the Po Valley of northern Italy and two (2) concessions in the Bradano Basin of southern Italy. During my tenure with ARLLC, acquired three 3D surveys, drilled one well. I was intimately involved in 3D seismic design- tenders- acquisition- processing-and interpretation, as well as prospect generation, well planning- operations.

5/06 – 2/07: **Vice President Exploration, Kerns Petroleum Inc.**, San Antonio, Texas [via Pelangi Resources Inc.]

Principal geoscientists (geology & geophysics) and member of executive team for a small, privately held, domestic start-up company. Responsible for all of Kerns Pet. prospect generation – evaluation and asset management with the onshore Texas Gulf Coast and USA Mid-Continent regions as the primary focus areas.

11/04 – 4/06: **Exploration Manager, Circle Oil Plc**, Houston, Texas [via Pelangi Resources Inc.]

Principal geoscientists (geology & geophysics) for publicly traded international start-up, Circle Oil (AIM exchange, symbol COP). Responsible for Circle Oil's worldwide exploration effort, and asset acquisition and evaluation. Instrumental in evaluating and obtaining exploration concessions in Namibia (onshore Owambo Basin) and Oman, (onshore Block 49 and offshore Block 52).

3/07 – 2/08: **Senior District Geologist, Samson Resources**, Tulsa, Oklahoma

and
8/01 - 10/04: Prospect generation, evaluation, reserve/asset appraisal, regional play analysis in both unconventional and conventional plays.

USA: New Albany Shale- Illinois Basin; Chainman / Manning Canyon Shale - Great Basin; Barnett Shale- Fort Worth Basin; Marcellus Shale - Appalachian Basin; Arkoma Basin; Albuquerque Basin; West Texas.

CANADA: Alberta Basin and Mountain Front. Lived and worked in Calgary, Alberta on special assignment for 5 months in 2004.

EXPERIENCE (cont.): Kevin J. Lant

- 5/89 - 9/94: **Senior Staff Geologist, Asamera Oil**, Jakarta, Indonesia.
Prospect generation and evaluation, onshore, South Sumatra, Indonesia (Corridor Block, Jambi 'B' Block).
Evaluation and appraisal of new blocks and potential farm-in opportunities throughout SE Asia.
- 10/84 - 4/89: **Senior Staff Geologist, Anadarko Petroleum Corp.**, Oklahoma City, OK.
Prospect generation and evaluation.
USA: Oklahoma, Texas, Arkansas, and Michigan FOREIGN: Algeria, North Africa.
- 3/83 - 10/84: **Project Leader, Champlin Petroleum Corp.**, Denver, CO.
Responsible for all of Champlin Petroleum Corp's onshore exploration projects in California.
- 8/77 - 2/83: **Geologist - Geophysicist - Operations Supervisor, Conoco Inc.** (Denver, Ponca City, London, Ventura, Midland)
USA: Powder River Basin, Wyoming Overthrust Belt, Ventura Basin, Santa Maria Basin, San Joaquin Basin,
Sacramento Basin, Los Angeles Basin, Cuyama Basin, Midland Basin, Delaware Basin.
FOREIGN: Indonesia, Tunisia
- 8/75 - 8/77: **Geological Research Associate, Ohio University**, Athens, OH.
Structural geologic analysis of Eastern Ventura Basin, Southern California.
USGS research grant, Earthquake Hazards Reduction Program [while attending graduate school at Ohio University.]
- 6/76 - 9/76: **Geologist, Amoco Production Co.**, Houston, TX. [summer position].
Oil & Gas Exploration, West Texas
- 5/75 - 9/75: **Geologist, Ashland Exploration Co.**, Houston, TX.
Oil & Gas Exploration, Gulf of Alaska and Kandik Basin, Alaska.
- 1/75 - 5/75: **Well Site Geologist, Alpha Beta Gamma Associates**, Sun Valley, CA.
Well site logging and geological services on overpressured, delineation wells in the Bluebell-Altamont Field,
Uinta Basin, Utah.
- 7/74 - 1/75: **Geological Assistant, Morris Petroleum**, Los Angeles, CA. [part-time]
- 5/73 - 9/73: **Geological Field Assistant**, Kenai Peninsula, AK.

PROFESSIONAL CERTIFICATION & REGISTRATION:

- A.A.P.G. Certified Petroleum Geologist, #3764 (since July 29, 1987)
- A.I.P.G. Certified Professional Geological Scientist, #7366 (since August 19, 1987)
- State of Arkansas: Registered Professional Geologist, #711 (since May 9, 1989)
- State of Kentucky: Registered Professional Geologist, #1046 (since November 15, 1993)
- State of Texas: Licensed Professional Geoscientist, #3010 (since August 31, 2003)

PROFESSIONAL ACTIVITIES:

- Current Member: AAPG, AIPG, EAGE, OCGS, TGS
- Adjunct Professor, University of Oklahoma: Taught Petroleum Geology at Energy Management Program (2009 - 2010)
- Education Chairman, 2003 AAPG Mid-Continent Section Meeting, Tulsa OK (October, 2003)
- District Representative, Oklahoma City District Chapter, A.I.P.G., 1988-1989
- Chairman, Oklahoma City Geological Society, Discussion Group, 1986-1987
- Associate Editor, SHALE SHAKER, 1985-1986
- Vice President, Coast Geological Society, 1980-1981
- Part Time Faculty Member, C.S.U.N. Department of Geology, 1980-1981
